## **ABOUT NAGPUR:**

The city of Nagpur, popularly known as Orange City has been in lime light due to the ambitious project Multi Modal International Cargo hub and Airport (MIHAN) which offers great scope for the region's development in terms of investment and job opportunities. Nagpur has large number of central and state government offices, educational institutions, up-coming software companies and is surrounded by a number of large and reputed industrial estates occupied by big and medium scale industries. Several tourist spots such as Ramtek, Sevagram, Nagzira and Tadoba tiger forest reserves are located in near vicinity.

## **OUR INSTITUTE:**

Government College of Engineering, Nagpur is a newly established Government Institution in the state of Maharashtra (India) in the academic year 2016-17, with the aim to impart quality technical education in order to create globally competent technocrats to serve the society. The institution is approved by AICTE, New Delhi and affiliated to Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur.

## **VISION**

To be an institution of national repute creating globally competent technocrats to serve the society.

## **MISSION**

- To impart quality education through need-based curriculum in academic programmes.
- To promote excellence by creating intellectually stimulating environment for creativity, innovation, research and professional activities.
- To foster relationship with industries, other leading institutions and alumni so as to enhance career opportunities for students.

- To inculcate sense of discipline and responsibility towards nature and society.

## **OBJECTIVE OF THE PROGRAMME:**

With the significant advancements in computing speed and Information Technology access to all kinds of information is available at the fingertips. But extracting useful information and converting it into knowledge for building a better person, a better professional and hence to develop a responsible society is still a herculean task. An academic can play pivotal role in this endeavor.

The present STTP is aimed at dissemination of knowledge and information of state of art of developments and their utilizations in various fields pertinent to pedagogy.

## **TENTATIVE TOPICS TO BE COVERED**

- **Use of ICT in teaching learning process such as MOOCs, MOODLE, Personal websites etc.**
- **Sharpening basic pedagogical skills**
- **Learning Advanced Communication Skills**
- **Corporate life skills**
- **Technological advancements for Sustainable development**
- **Use of advanced techniques and software such as optimization/simulation for better learning**
- **Intellectual property rights**
- **Recent advances in industrial management techniques**
- **Development of research facilities and**

## **consultancies**

- **Holistic life skills developments**
- **Nurturing entrepreneurship**
- **Interpersonal & intra-personal relationship**
- **Practicing and Teaching Professional Ethics**

## **NUMBER OF PARTICIPANTS:**

The programme sanctioned for 20 participants.

## **ELIGIBILITY:**

The course is open to the full-time teachers of any discipline from AICTE approved Government/ Government Aided Engineering Colleges or Polytechnics or University Teaching Departments are eligible to participate.

## **REGISTRATION FEE/ FINANCIAL ASSISTANCE:**

No course fee is charged for participants of AICTE approved Government/ Government aided Institutions. All participants will be given Travel expenses and dining allowances as per Government norms. The scanned copy of complete registration form duly filled in with endorsement of head of the Institution should be sent by email so as to reach within the due date. Hard copy of the same should be submitted at the time of course participation.

## **ACCOMMODATION:**
