Dear Sir,

PFA for the list of Aadhaar Authentication remaining candidates. Excel sheet contains two worksheets ...

1. **Rejected by UIDAI** agency i.e. these candidates need to visit Aadhaar Registration agency again as their Aadhaar Number is cancelled by UIDAI.
2. **information Not matching** candidates list : these candidates need to correct information in order to complete Aadhaar verification process.

Instruct institutes to check and verify the listed candidates Aadhaar in their login, if it is not correct send consolidate list in excel format to this office. In order to reduce confusion of multiple lists it is requested to send one of excel sheet for one region.

excel format :

Sr no, institutecode , institutename , coursename , applicationid , candidatename\_asperAadhaar , AadhaarNumber, DOB

if you have any query please contact to me.

Thanks & Regards
