**Re : "Water For Life" Exhibition at our Premises for 45 days**

Dear Sir/s,

Further to your approaching the Nehru Science Centre, Mumbai to send the "Water for Life" Exhibition to Nagpur, they have sent the same to Raman Science Centre, Nagpur for organizing the exhibition here from the 20<sup>th</sup> of December 2015 for 45 days. We also propose to organize some competitions on the similar lines as were conducted at Mumbai. This endeavour will, I hope with your cooperation, help in educating the students, younger generation and the people at large of Vidarbha Region and will help in disseminating ideas of Water Conservation, Water Management and the importance of effective use of Water in our daily life. The entire exhibition will be operational for a period of 45 days from 20<sup>th</sup> December, 2015 till 8<sup>th</sup> February, 2016 and will consist of the following programs:

1. Exhibition "Water for Life".
2. Lecture Series. (One of the lectures could be by Dr. Rajendra Singh whom may arrange to bring to Nagpur during the period)
3. Essay Competition.
4. Elocution Competition.
5. Street Plays if possible.

I am sure that having been instrumental in bringing this exhibition to Nagpur, you will further support the entire activity as a **"Collaborative Partner"** and ensure success of the event by bringing maximum number of visitors (School & College students, Farmers, Citizens, etc). The concessional rate of entry free for this event will be Rs.10/- per person. In your proposal to Nehru Science Centre, Mumbai, you had assured a minimum visitor figure of 50,000 due to your own efforts. I am sure you will be able to exceed this. From our side, these visitors will also be entitled to visit our other programs like "Orange City Science Fair" ( 21<sup>st</sup> Dec to 23<sup>rd</sup> Dec, 2015 ) and the "Science Expo" ( from 9<sup>th</sup> January to 13<sup>th</sup> January, 2016 ). The events to be organized for "Water for Life" will be arranged on dates other than "Science Expo" & "Engineering Expo" to ensure smooth transition of visitors.

Thanking You,

Yours Faithfully,

N. Ramdas Iyer  
Project Coordinator
