

First Announcement

National Conference on “Technology for Tribal and Rural Development” (TTRD 2020)

(29th – 30th January 2020)

Organized by

Government Polytechnic Sakoli

Dist. Bhandara, Maharashtra 441802

Website: <http://gpsakoli.ac.in/>

Background

Government Polytechnic Sakoli is one of the prominent institutions in Bhandara district of Maharashtra State and is imparting technical education since 1983. Our vision is to contribute through quality technical education to the weaker sections of the society. The development of society through many innovative technologies and implementation policies is one of the key and thrust areas. Their propagation in the tribal and rural areas through better interaction and efforts will add value and prove to be beneficial for the development.

Aims & Objectives of the Conference

The main objective of the conference is to disseminate awareness of latest advances and innovations in technology for tribal and rural development so as to contribute towards the national development. It also aims to discuss the important and key issues viz. policies and governance, innovations and technologies, infrastructure, industry interaction & applications. The conference will provide a light on the genuine issues, their possible solutions and better interaction with the local society. It will provide a common platform to various professionals, researchers, students and interested participants to share their thoughts on the theme.
